

Amerikans Jerk Off Muslim Wimmin Die

\$10 billion/yr = Amerikans spend on porn
\$19 billion/yr = to eliminate world hunger

NOT FEMINISM!

Is it any surprise that pornified amerikans want to see Arab wimmin in Bikinis? and call that freedom while 100,000s of Muslim wimmin have already lost their lives under u\$ occupation- the ultimate loss of freedom.

A real feminist agenda does not attack the oppressed. RCP=U\$A acknowledges conditions are worse for wimmin under u\$ occupation while calling for regime change in Iran, parroting Condaleeza Rice and the state department. Now David Horowitz tries to steal Bob Avakians thunder by decrying "Islamofascism." But really they're both just 2 sides of the same white nationalist coin. Revolutionaries stand in United Front with the oppressed nations of Iran, Iraq, Afghanistan, Palestine and all other oppressed nations in opposing the Great Satan. Responsible for more deaths than any other nation, amerikkkans are criminals with the blood of millions on their hands.
