

Freedom Amerikan style? NO THANKS!!!!

Bob Avakian of the so-called “Revolutionary Communist Party (U\$A)” and David Horowitz think Muslims need Amerikan style freedom. In the last couple years both of their organizations have organized major rallies in the united \$tates to call for the overthrow of the Islamic Republic of Iran in the name of feminism. Confusing oppressors for oppressed and ignoring the real world effects of imperialist invasion and occupation on the oppressed, this white nationalist United Front threatens the wimmin of Iran and the whole world.

◆ Amerika is the number one prison state with 2 million people in prisons on u\$ soil, 50% of which are Black. u\$-style imprisonment is already in Iraq and Afghanistan, locking up whole communities. The people regularly attack these prisons in an attempt to free their comrades and family members while amerikkans call it freedom!

◆ Biological females (like Lynndie England pictured above) are responsible for 58% of the sexual assaults on u\$ prisoners by staff. These females are gender oppressors. The oppressed of the Third World don’t want their oppression.

◆ Qatar and Saudi Arabia had the lowest murder rates of 64 surveyed countries in 2000. The united \$tates was at 24th and infamous for romance related murders being the leading cause of murder in most years. The oppressed don’t need more romance related deaths from an imposed white culture of “freedom.”
